AN ARMORY BURNED

The Indianapolis Armory Building Destroyed by Fire This Morning.

INDIANAPOLIS, April 14.—The College avenue armory was fired by an incendiary this morning and destroyed. It was occupied by the Richardson zouaves and the Indianapolis light artillery. The loss on the building is $3,000 and the companies lose $2,300 on uniforms and equipments. The insurance is $4,800. Four guns of the battery and a gattling gun, belonging to the government, in the building were also damaged.

HAVERHILL, Mass., April 14.—A fire started this morning in the shoe manufactory of Harold F. Blake, of Washington street, and extended to a long row of wooden buildings close by. Five firms are burned out. The total loss is about $50,000.

EDWARDSVILLE, Ill., April 14.—A fire destroyed the elevator and flour mills of the Crowder milling company. Loss, 30,000; insurance, $10,000.

THE ICE GORGE

At Chippewa Falls, Wis., Breaks and Lumbermen Feel Easy.

CHIPPEWA FALLS, Wis., April 14.—Yesterday an ice gorge thirty feet high and half a mile long was formed a short distance above the city. Logs and ice were packed solidly together and in the evening it moved some distance and lodged against the Omaha railroad bridge. The judicious use of dynamite during the night made a channel and about 4 o'clock this morning the whole mass broke loose. No great damage was done to the bridges and the lumbermen feel easier. No logs will be lost, as they will go into Dell's pond, near Eau Claire.

Ohio's Sunday Bill.

COLUMBUS, April 14.—The legislature to-day passed the Sunday closing bill, which is to have effect in all municipalities. The measure was opposed by the city districts.

CINCINNATI, April 14.—The passage by the senate, at Columbus, of what is known as the Owens Sunday closing bill, made it a law. It takes from the council of municipalities the power to decide whether intoxicating liquors shall be sold or not on Sunday. It leaves the law prohibiting all sales of liquors on Sunday. Hasty interviews with a number of liquor dealers discloses a difference of opinion on the law among the dealers. Some claim the statute will be disastrous to their business, as the best receipts are on Sunday, especially in summer.

A Pugilistic Wabash Conductor.

The Wabash *Times* says:

Yesterday noon, as the fast train going east over the Wabash railroad was pulling in, a strange individual dropped a railroad torpedo on the track, in front of the engine. The torpedo exploded with a loud roport, and startled the crowd that was standing on the platform considerable. Conductor Sullivan jumped off the train, and on learning the cause of the report hunted up the fellow who had dropped the torpedo. He was not long finding him, and two minutes after they met, the stranger was walking away with a pair of eyes heavily draped, and disfigured in several other respects. Conductor Sullivan is quite handy with his "dukes," and he went at the fellow in true regulation pugilistic style. The crowd of spectators, who had been so badly frightened by the explosion, enjoyed the set-to very much.

Mr. E. P. Williams is in the city.

THE FACTS IN THE CASE.

Hon. Hugh Dougherty Talks to an Indianapolis Journal Reporter.

The Indianapolis *Journal* publishes this interview with Hon. Hugh Dougherty relative to a recent statement made by Mr. Munson:

"I intended to say," Mr. Dougherty replied to a question of a *Journal* reporter, "that he telephoned me instead of telegraphed me. But the facts as I stated them to the reporter are true, as he communicated to me by telephone, and you will notice that Mr. Munson does not deny the facts as I stated them, except to say there was no telegram."

"Well, how about his soliciting you to be a candidate?"

"He did solicit me in person. In fact, he was so anxious for my name to be announced that he thought it was necessary to hove it done at once and did not think it proper to wait until I could return from Rome City, where I was going on business that morning, and as I was about to get on the train leaving for that place, I told him if he thought it important he might have it telegraphed to Indianapolis, and he said he thought it would be better to have it done over Mr. Hackett's name than over his own, and he went to Mr. Hackett and had him send the message announcing my name as a candidate."

He says he has not seen you for two months."

"Well, I saw and talked with him and he urged my candidacy, as seen above, in the morning of the day I went to Rome City, and again I met him that afternoon at his office, and again in the evening saw him and talked to him as I was about to take the train for Bluffton."

THE EDWARDS ESTATE.

Searching the Fort Wayne Records for a Miser's Property.

The Logansport *Pharos* says:

"V. C. Hanawalt returned last evening from Fort Wayne, where he went several days ago to look after the property reported to be owned in that city by the late Wm. Edwards. When Edwards died some person started the rumor that the most valuable real estate held by the deceased was located at that place, but after a thorough search Mr. Hanawalt discovered that the old gentleman did not own a dollar's worth of property at Fort Wayne. The tax duplicates at the county auditor's office were examined as far back as the year 1868, but there were no indications to show that Edwards had ever paid taxes on either realty or personal effects. Mr. Hanawalt then examined the city directories, but Edwards name could not be found. Several persons were seen who claimed to have been intimately acquainted with the deceased, but they knew nothing whatever of his business affairs, Edwards passed a great deal of his time in Fort Wayne, and for years was in the habit of going to that city to vote, but it is thought that he changed boarding houses so often that he managed to successfully dodge the assessor."

To-night, Miss Effie Ellsler and a competent company will present "Woman Against Woman," at the Temple opera house. Miss Ellsler is a charming actress and will please the Temple patrons exceedingly. The company and play need no enconiums today.

His temperature is 98¼, exactly normal, and his pulse 84. Everything is satisfactory. The patient has slept well and taken plenty of nourishment. He took a quart of koumiss since 10 this morning."

TO VISIT THE POPE.

A Distinguished Party of Mexican Citizens Passed Through the City Last Evening.

A distinguished party of Mexican citizens passed through the city last evening on the Wabash. They were bound from the City of Mexico to the City of Rome, where they were going to pay their respects to the great head of the Catholic church, the pope.

The special train, composed of ten elegant passenger coaches, left the City of Mexico last Saturday and arrived here last evening at 10 o'clock. The party numbered over two hundred, among whom was the bishop of the diocese of the City of Mexico and a number of the distinguished Catholic clergy, besides some of the prominent and wealthy citizens of that country and their wives.

They had with them a car load of rich and elegant presents for the pope, among which was a diamond cross, valued at $80,000. The party will stop at Niagara Falls to-day and reach New York City to-morrow morning, where they will attend divine service and during the first of the week will take a steamer for their foreign destination.

The party is in charge of Mr. John P. Slough, official mayor, and deputy De Boletos Y Equipages Ferrocarril, Central Mexico and C. P. Fegan, the agent of the Urajero De Elferro, who joined them at Dallas, Texas.

They will be absent for six months on their foreign tour and will visit all the places of interest in the Old World, particularly around Rome and in the Holy Land. On the train with them were several representatives of the Aztec Indians, a tribe that is now nearly extinct in the southern climes. The party attracted considerable attention at the depot and will continue to do so along the line. From each car floated a handsome banner which bore this inscription: "From the City of Mexico to the City of Rome."

RT. REV. BISHOP DWENGER.

The Distinguished Prelate Celebrates the Anniversary of His Consecration.

There were special services at the Cathedral this morning, commemorative of the consecration of Rt. Rev. Joseph Dwenger to the bishopric of Fort Wayne.

The bishop was preconized by Pope Pius IX, on the 10th of February, 1872, and consecrated by Archbishop Purcell, in the Cathedral at Cincinnati, April 14th, of the same year. The assistant consecrators were Bishops Toebbe, of Covington, and Borgess, of Detroit. The former is dead and the latter has resigned his See. There were eight other bishops present at the ceremony, a large number of friends and an immense throng of people.

During Bishop Dwenger's administration in the past sixteen years, there has been a continued progress of religion in his diocese. Churches have been built, orphan asylums erected, and withal a healthy status of discipline has been preserved.

The credit of the diocese and the financial standing of all the churches are excellent, whilst the spiritual welfare is splendidly maintained.

Bishop Dwenger at the time of his consecration was the youngest bishop in years, in the world. He now ranks the seventeenth in seniority among the sixty-eight bishops of the United States. He is still of robust health and vigorous in the furtherance of his work.

THE SENTINEL sends its congratulations and hopes to record many an anniversary of this kind in the reign of the great and good prelate of the Catholic church.

The Only Remedy

FOR

Contagious Blood Poison.

Mr. D. B. Adams, Union, South Carolina, writes: "I was afflicted with a terrible case of blood poison for about thirteen months. I was treated by the best physicians, and used various kinds of remedies, but received no substantial relief. I finally tried the Swift Specific, and about four bottles cured me sound and well."

Col. B. H. Kieser, editor and proprietor of the Opelika, Ala., *Times*, under date of August 3, 1887, writes: "When I was a young man, through indiscretion, I contracted a disease which has stuck to me for years. Some five or six years since I was troubled with pains, so as to make it difficult for me to walk. Having advertised the S. S. S. in my paper for several years, I concluded I would try it to see if there was any efficacy in the medicine. I commenced using it according to directions and used half dozen bottles. I was once at a way station and, getting off, I walked the seven miles and have not felt any return of the old malady. After experiencing the good effects I must say I am satisfied with the result. I am sixty eight years of age and I feel now like a young man and can go to the case when necessary and set up from six to eight thousand ems without any inconvenience. I send you this without solicitation.

Mr. F. Woehl, 211 North Avenue, Chicago, under date of June 12, 1887, writes: "I deem it my duty to thank you for the cure I received from your excellent medicine. I contracted a very severe case of blood poisoning about two years ago. Hearing of your medicine, I went to a drug store, the proprietor of which persuaded me to buy a preparation of his own, which he said was a sure cure. I used six bottles of his stuff and grew worse all the time. At last I got disgusted and despaired of a cure. I met a friend who told me that your medicine had cured him. I went to the same druggist again and demanded your medicine. He reluctantly sold me twelve bottles, and I am now perfectly cured. I write this for the benefit of sufferers, to prevent their being deceived by false representations. I thank you again for the benefit received from your medicine."

Dr. J. N. Cheney, a prominent physician, residing in Edavile, Schley County, Georgia, in a letter recommends infallible success he has in curing contagious blood poison cases in his extensive practice, writes: "Those who know the almost inevitable, permanently disgraceful effects of mercury will welcome your discovery of S. S. S. as a boon to humanity. The medical profession, always wary of proprietary medicines, is coming slowly, and in some cases secretly, to the use of S. S. S. in cases of blood disorder. Of course a blood disease that cures poisoning in its worst form must purify the blood of every disorder."

THE *Journal*, with true sentiment, says: Democracy first; Hettlerism last.

THE Jackson county republicans have declared for Hon. A. G. Porter for governor.

TWENTY-THREE years ago to-day, April 14, the beloved Abraham Lincoln was assassinated.

THE New York assembly has voted to submit a prohibition amendment to the people of that state.

THE Studebaker brothers, of South Bend, have founded the town of Studebaker, in California.

THE Indiana republican convention will not be held until after their national convention, so the state executive committee decided yesterday.

THE Huntington *Democrat* is out in a leading editorial endorsing Congressman Bynum's candidacy for governor. Mr. Bynum is a trifle tardy in the race.

EDITOR FAWCETT, of the LaGrange *Democrat*, and Editor Stoll, of the South Bend *Times*, are indulging in a little unpleasantness. Brethren should dwell in unity.

THE Wabash *Times* is not friendly to Hon. Robert Lowry, because when a member of the election committee in the lower house of congress, he voted against seating its editor, Major Kidd. This will account for all criticisms of Mr. Lowry in the *Times*.

MESSRS. CHARLES McCULLOCH, Henry Monning and Christian Boseker are urged to again be candidates for water works trustees. The gentlemen are among our best and foremost citizens and if nominated by the democratic party THE SENTINEL will give them cheerful support and hearty endorsement.

GENERAL SHERMAN has sent letters to Generals James Longstreet, John B. Gordon, S. B. Buckner, Fitz Lee, Wm. Mahone, John S. Mosby and Joseph E. Johnston, inviting them to join him in celebrating the birthday of General Grant, by a banquet at Delmonico's April 27, thus setting an example which he trusts will be followed by others in after years.

MR. ANDREW CARNEGIE has rented Cluny Castle, Inverness-shire, Scotland, and will live there in baronial luxury on the profits of his protected industries in Pennsylvania, while his workmen are living from hand to mouth on beggarly wages. How long will workingmen tolerate the inequalities of a tariff tax that makes one man rich and a million people poor?

THE Monroeville *Breeze* contradicts the *Gazette* in this convincing fashion: "The *Daily Gazette*, of Friday, makes the statement, upon information, that every republican voter in this and Madison township was asked his preference for governor and president, at the polls on the 2d inst., and that with one exception, Mr. D. S. Redelsheimer, the choice was Robertson for governor and Gresham for president. Now the *Breeze* ascertained through several parties who have personally interviewed the majority of the voters of the two townships and finds that the *Gazette* has placed a false statement before the public. The first man is yet to be found to whom the question was put. While Colonel Robertson is no doubt the choice of the majority of republican voters in this section of Allen county, there has been no special enthusiasm expressed for either him for governor or Gresham for president."

An Imperative Necessity.

What pure air is to an unhealthy locality, what spring cleaning is to the neat housekeeper, so is Hood's Sarsaparilla to everybody, at this season. The body needs to be thoroughly renovated, the blood purified and vitalized, the gems of disease destroyed. Scrofula, Salt Rheum, and all other blood disorders are cured by Hood's Sarsaparilla, the most popular and successful spring medicine.

The Y. M. C. A. Concert.

This musical feast closed last evening under the most pleasing auspices. The concert was an artistic success and is a compliment to its promoters.

It demonstrates that we have in Fort Wayne a great musical leader in the person of Professor Heath. The chorus under his directorship was faultless, while his arrangement of the program, character of the selections and choice of principals in the concert mark him a musician of rare and pleasing judgment.

It was a grand affair and deserved better financial reward.

Syrup of Figs.

Manufactured only by the California Fig Syrup Co., San Francisco, Cal., is Nature's own true laxative. This pleasant California liquid fruit remedy may be had of Theime and Gross, druggists, large bottles at fifty cents or one dollar. It is the most pleasant, prompt, and effective remedy known to cleanse the system; to act on the Liver, Kidneys, and bowels gently yet thoroughly; to dispel Headaches, Colds and Fevers; to cure Constipation, Indigestion, and kindred ills.

I suffered from a very severe cold in my head for months and used everything recommended, but could get no relief. Was advised to use Ely's Cream Balm. It has worked like magic in its cure. I am free from my cold after using the Balm one week, and I believe it is the best remedy known. Feeling grateful for what it has done for me I send this testimonial.—Samuel J. I CURE FITS!

When I say cure I do not mean merely to stop them for a time and then have them return again. I mean a radical cure. I have made the disease of FITS, EPILEPSY or FALLING SICKNESS a life-long study. Martyrs to Headache

Seek relief in vain, until they begin to use Ayer's Sarsaparilla. Then they regret the years of suffering they might have escaped had they tried this remedy earlier. The trouble was constitutional not local; and, until Ayer's Sarsaparilla did its effective work as an Alterative and Blood Purifier, they were compelled to suffer.

The wife of Samuel Page, 21 Austin st., Lowell, Mass., was, for a long time, subject to severe headaches, the result of stomach and liver disorders. A perfect cure has been effected by Ayer's Sarsaparilla.

Frank Roberts, 727 Washington st., Boston, says that he formerly had terrible headaches, and until he took Ayer's Sarsaparilla, never found any medicine that would give

Permanent Relief.

"Every Spring, for years," writes Lizzie W. DeVeau, 262 Fifteenth st., Brooklyn, N. Y., "I have had intolerable headaches. I commenced the use of Ayer's Sarsaparilla last March, and have not had a headache since that time."

"I suffered from headache, indigestion, and debility, and was hardly able to drag myself about the house," writes Mrs. M. M. Lewis, of A st., Lowell, Mass. "Ayer's Sarsaparilla has worked a marvelous change in my case. I now feel strong and well as ever."

Jonas Garman, Esq., of Lykins, Pa., writes: "For years I have suffered dreadfully, every Spring, from headache, caused by impurity of the blood and biliousness. It seemed for days and weeks that my head would split open. Nothing relieved me till I took Ayer's Sarsaparilla. This medicine has cured me completely."

When Mrs. Genevra Belanger, of 24 Bridge st., Springfield, Mass., began to use Ayer's Sarsaparilla, she had suffered for some years from a serious affection of the kidneys. Every Spring, also, she was afflicted with headache, loss of appetite, and indigestion. A friend persuaded her to use Ayer's Sarsaparilla, which benefited her wonderfully. Her health is now perfect. Martyrs to headache should try

WHAT AILS YOU?

Do you feel dull, languid, low-spirited, lifeless, and indescribably miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or of "goneness," or emptiness of stomach in the morning, tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating specks" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, sharp, biting, transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, **Dr. Pierce's Golden Medical Discovery** will subdue it, if taken according to directions for a reasonable length of time. If not cured, complications multiply and Consumption of the Lungs, Skin Diseases, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in and, sooner or later, induce a fatal termination.

Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the Kidneys, and other excretory organs, cleansing, strengthening, and healing their diseases. As an appetizing, restorative tonic, it promotes digestion and nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery

CURES ALL HUMORS,

from a common Blotch, or Eruption, to the worst Scrofula. Salt-rheum, "Fever-sores," Scaly or Rough Skin, in short, all diseases caused by bad blood are conquered by this powerful, purifying, and invigorating medicine. Great Eating Ulcers rapidly heal under its benign influence. Especially has it manifested its potency in curing Tetter, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings, Hip-joint Disease, "White Swellings," Goitre, or Thick Neck, and Enlarged Glands. Send ten cents in stamps for a large Treatise, with colored plates, on Skin Diseases, or the same amount for a Treatise on Scrofulous Affections.

"FOR THE BLOOD IS THE LIFE."

Thoroughly cleanse it by using **Dr. Pierce's Golden Medical Discovery,** and good digestion, a fair skin, buoyant spirits, vital strength and bodily health will be established.

CONSUMPTION,

which is **Scrofula of the Lungs,** is arrested and cured by this remedy, if taken in the earlier stages of the disease. From its marvelous power over this terribly fatal disease, when first offering this now world-famed remedy to the public, Dr. Pierce thought seriously of calling it his "CONSUMPTION CURE," but abandoned that name as too restrictive for a medicine which, from its wonderful combination of tonic, or strengthening, alterative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequaled, not only as a remedy for Consumption, but for **all Chronic Diseases** of the

Liver, Blood, and Lungs.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Severe Coughs, and kindred affections, it is an efficient remedy.

Sold by Druggists, at $1.00, or Six Bottles for $5.00.

MEXICAN MUSTANG LINIMENT, used vigorously is death to Swinney, Wind Galls, Sore Backs.

ECHOES OF THE RAIL

Quietness Reigns Supreme Around the Railroads and Shops and But Little News is Gathered.

The Grand Rapids pay car went south yesterday.

The wagon and wheel works paid off their employes to-day.

The organ factory has employed several new men from Chicago.

James Waugh, the Pittsburg engineer, who has been sick for some time, is getting better.

Herman Hartman, of the electric light works, has gone to New Orleans. He will be absent several weeks.

General Superintendents Wade and Stevens, with other officers of the Wabash road, went west this afternoon.

J. N. Arvin, a veteran employe of the Pittsburg blacksmith shops, will return to work Monday after an illness of a few weeks.

John Heckenrother, a brakeman on the Pittsburg, is suffering from several mashed fingers which he had injured while coupling cars.

W. H. Greegor, traveling passenger agent of the Newport News and Mississippi Valley company, is in the city today looking after the interests of his company. His headquarters are at Cincinnati.

The railroad and shop men should spend an hour to-morrow afternoon at the regular Sunday meetings of the railroad department of the Young Men's Christian association. Their meetings are always interesting and profitable.

Calvin S. Brice, president of the Lake Erie and Western road, is said to have more ready money waiting speculative employment than any other railroad stock operator in this country. This accounts for the closeness with which his movements are watched.

The Boston and Providence has an engine built at the Rhode Island locomotive works which has been named the "Robert Keayne" after the founder of the Ancient and Honorable Artillery company of Boston, whose 250th anniversary occurs in a few days.

When Engineer David Raidy reached this city this morning on his regular run, he was summoned to his home by the intelligence that his child was lying at the point of death. He left immediately to attend the bedside of the sick child and the train was placed in charge of another engineer.

Nicholas Wisener, one of the popular employes of the Olds wheel works, met with a very painful accident Thursday. He was working around one of the machines in the shop and in some way had his finger caught, so that the end of it was nearly cut off just above the nail. The injured member was dressed by a physician and he is now getting along very nicely, but the wounded hand will interfere with his work for some time to come.

The Pittsburg shops in this city, which before the recent railroad troubles at Chicago, seemed to be so full of work that the men were often busy at night, are now moving along very slowly and there are no signs that a large force will be employed for some time to come. Retrenchment in expenses seems to be the motto of the Pennsylvania company's officials all along the line. At the shops at Crestline, Ohio, this week some twenty men were discharged and the works here do not fill the positions which become vacant by resignations and sickness. It was hoped that as soon as the Chicago railroad troubles were settled there would be an increase in the force of employes at this point, but such does not now seem to be the case, and it will probably be a long time before the places of the recently discharged employes will be filled.

There is a feeling in railroad and business circles, where rate wars, strikes and their results are well understood, that the inter-state commerce law, which has been found to work so well in some directions, ought to be made the controlling power in many other railroad matters, one of which should be to establish minimum rates per ton per mile on freight under certain conditions. Had such a provision of the law been in force the last twelve months, it would not only have prevented the rate war of the granger roads, which has been on four months or more, but it would, as well, have prevented the strike on the Chicago, Burlington and Quincy road, which was almost entirely caused by the Burlington's attempt to reduce its expenses, so as to enable the management to carry on the war. Surely the inter-state law could be amended so that no one corporation could have the power to demoralize the whole railroad business of the west in the prosecution of its quarrels.

Spring Medicine.

The necessity of a spring medicine is almost universally admitted. And the superiority of Hood's Sarsaparilla for this purpose becomes more and more widely known every year. That power to purify the blood, and those elements of strength and health which the system craves, and to which it is so susceptible at this season, are possessed by this peculiar medicine in a pre-eminent degree. Scrofula, pimples, boils, or any humor, biliousness, dyspepsia, sick headache, catarrh, rheumatism or any diseases or affections caused or promoted by impure blood or low state of the system, are cured by Hood's Sarsaparilla. Try the peculiar medicine.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

MUSTANG LINIMENT

MEXICAN MUSTANG LINIMENT, for *Rheumatism, Lumbago, Sciatica, Lame Back, Stiff Joints,*

At the Grand—The Remarkable McGibeny Family.

"Remarkable," is the adjective which best applies to the McGibeny family, unless it be the words, "Extraordinary" or "Phenomenal." There are fifteen of them—father and mother, the latter a well preserved and handsome matron whom one would not suspect of the maternity of so numerous a progeny; and daughter-in-law, accomplished and prepossessing, and twelve children, boys and girls, of all ages and sizes from maturity down to infancy, and little Leo, only four years old, sings along with the rest of them, and is as cute a little specimen of humanity as could be imagined, and he was quite the hero of the concert, the prime favorite with the audience at the Grand Opera House last evening. The marvel of it all is that the entire family are singers and musicians, and in both respects they do finely, presenting a long and diversified program, vocal and instrumental, containing orchestral selections, violin, cornet and trombone solos, string quartettes, songs, glees and choruses, pleasing to all tastes, whether cultivated or not. The McGibeny's seem to be a model family in character and manners, and their appearance commands respect as well as interest. They travel in their own special palace car, where they live as at home, and do not go near the hotels. Do not fail to hear them to-night. You will be delighted.—From the *Daily Transcript*, Peoria, Thursday morning, Feb. 2.

At the new Y. M. C. A. hall, Monday and Tuesday, April 16 and 17.

The famous McGibeny family, the largest family in the world—fifteen in number. Grand orchestra of thirteen pieces; full chorus of fifteen voices; five instrumental and five vocal soloists; two elocutionists; male voice quartet. The family travels in their own palace hotel car, one of the finest and best equipped of the palace cars. They are especially engaged to give two entertainments in the Y. M. C. A. hall, on Calhoun street, Fort Wayne, for the benefit of the Young Men's Christian association, April 16 and 17.

The Building Boom.

William Vought has been given a permit to build an addition to his frame house on lot 1, Jones' addition, to cost $50.

Christ Baade, to move a frame house from lot 2, Bond's first addition, to lot 45, Bond's third addition.

W. E. Mossman to build a two-story frame house on lot 232 Rockhill's addition, to cost $3,000.

Henry F. Schroeder, to build a one-story frame house on lot 6, Schroder's addition, to cost $350.

Mason Long to build a five-story brick and stone building on lot 10, original plat, to cost $10,000.

Phelps Home.

NEW YORK, April 14.—Hon. Edward J. Phelps, United States minister to the court of St. James, has arrived on the steamer Aller, which left Southampton April 5.

The Wounded Man Dies.

CHICAGO, April 14.—M. J. Welsh, the Wabash engineer who was shot a few days ago by Chas. Sommers, one of the new Burlington switchmen, died yesterday. Sommers has been arrested.

That tired feeling and loss of appetite are entirely overcome by Hood's Sarsaparilla, the peculiar medicine. Try it and see.

Christian Laible, of the Pittsburg car shops, is dangerously ill with lung fever at his home on DeWald street. Mr. Laible is one of the oldest employes of the Pennsylvania company, having been employed in the shops here for the last thirty years. He has many friends who would be glad to hear of his speedy restoration to health.

Catarrh, when chronic, becomes very offensive. It is impossible to be otherwise healthy, and, at the same time, afflicted with catarrh. This disagreeable disease, in its most obstinate and dangerous forms, can be cured by the use of Ayer's Sarsaparilla.

A Luxury and Necessity

For rich and poor who wish to enjoy good health, and who do not wish to resort to bitter nauseous liver medicines and cathartics, is the concentrated California liquid fruit remedy, Syrup of Figs. 50c. and $1 bottles for sale by Thieme & Gross.

What the "Breeze" Says About Fort Wayne People.

P. B. Fowler, of Fort Wayne, spoke upon the subject of temperance to a fair audience at the Methodist church last evening.

Fort Wayne citizens were in town last Monday as follows: Judge E. O'Rourke, Frank Cosgrove and H. F. Beard, traveling agent for the Fort Wayne *Gazette*.

Mrs. M. Evans, of Fort Wayne, visited the family of H. Glancy last week. On her return home, she was accompanied by Miss Rosa Norris.

Patrck McGuire, of Antwerp, who is well kuown here, will abandon the saloon business in that place, and is making arrangements to start up a beverage house of call at Fort Wayne.

Pfeifer on the Stand.

HUNTINGTON, Ind., April 13.—The murder trial is creating much interest here. Charles Pfeifer, the alleged murderer, was put upon the stand yesterday afternoon and testified that he killed Morse to keep Morse from killing him, and that Morse had threatened to kill others here. He went upon the stand again to-day.

EVERY NIGHT I SCRATCHED

Until the Skin was raw. Body Covered with scales like spots of mortar. Cured by the Cuticura Remedies.

I am going to tell you of the extraordinary change your Cuticura Remedies performed on me. About the 1st of April last I noticed some red pimples like coming out all over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar spotted on, and which came off in layers, accompanied with itching. I would scratch every night until I was raw, then the next night the scales, being formed meanwhile, were scratched off again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspaper about your Cuticura Remedies, and purchased them from my druggist, and obtained almost immediate relief. I began to notice that the scaly eruptions gradually dropped off and disappeared one by one, and have been fully cured. I had the disease thirteen months before I began taking the Cuticura Remedies, and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I recommended the Cuticura Remedies to all in my vicinity, and I know of a great many who have taken them, and thank me for the knowledge of them, especially mothers who have babes with scaly eruptions on their heads and bodies. I cannot express in words the thanks to you for what the Cuticura Remedies have been to me. My body was covered with scales, and I was an awful spectacle to behold. Now my skin is as nice and clear as a baby's.
GEO. COTEY, Merrill, Wis.

Catarrhal Dangers.

To be freed from the dangers of suffocation while lying down; to breathe freely, sleep soundly and undisturbed; to rise refreshed, head clear, brain active and free from pain or ache; to know that no poisonous, putrid matter defiles the breath and rots away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arteries, suck up the poison that is sure to undermine and destroy, is indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief or cure.

Sanford's Radical Cure meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional. Instant in relieving, permanent in curing, safe, economical and never-failing.

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, all wrapped in one package, with treatise and directions, and sold by all druggists for $1.00.

Hood's Sarsaparilla

Combines, in a proportion peculiar to itself, the active medicinal properties of the best blood-purifying and strengthening remedies of the vegetable kingdom. It will positively cure—when in the power of medicine—Spring Debility, Headache, Dyspepsia, Catarrh, Salt Rheum, Scrofula, and all Diseases caused by a low state of the blood.

"Hood's Sarsaparilla beats all others, and is worth its weight in gold." I. BARRINGTON, 130 Bank Street, New York City.

Is so vastly superior to any other sarsaparilla or blood purifier, that one has well said: "Its health-giving effects upon the blood and entire human organism, are as much more positive than the remedies of a quarter of a century ago, as the steam-power of to-day is in advance of the slow and laborious drudgery of years ago."

"While suffering from a severe bilious attack in March, 1883, a friend in Peoria, Ill., recommended Hood's Sarsaparilla. I tried the remedy, and was permanently cured." J. A. SHEPARD, travelling agent for Devoe & Co., Fulton Street, N. Y.

Purifies the Blood

"I tried a dozen articles to cleanse my blood, but never found anything that did me any good till I began using Hood's Sarsaparilla." W. H. PEER, Rochester, N. Y.

"My wife was troubled with dizziness and constipation, and her blood has been in a bad order—in fact she has been all run down. Hood's Sarsaparilla is doing her a wonderful amount of good." F. M. BALDWIN, druggist, Blanchester, Ohio.

"I was for five years a sufferer with boils, all run down, and was at one time obliged to give up work. Before taking all of two bottles of Hood's Sarsaparilla, was entirely cured." R. M. LANE, Pittsburgh, Pa.

"I was severely afflicted with scrofula, and for over a year had two running sores on my neck. Took five bottles of Hood's Sarsaparilla, and consider myself entirely cured." C. E. LOVEJOY, Lowell, Mass.

THE SIXTIETH MILESTONE.

Yesterday afternoon occurred the sixtieth wedding anniversary of Mr. and Mrs. Anderson, a most notable and interesting event. No invitations were issued, but their children, grand-children and great grand-children from abroad and at home gathered around them with affectionate greetings. Although the day opened with no special purpose in view, their hosts of friends remembered the occasion with very happy results. All the afternoon and evening the parlors were filled with callers, who came with congratulations to this bride and groom of over half a century ago. The tables and mantles were loaded with flowers as remembrances from absent friends. Cake, coffee and chocolate were served the guests while they exchanged greetings. Mr. and Mrs. Anderson, who have passed their eighty-fifth birthday give no evidence of the intervening years, and were as genial and happy as if celebrating that first auspicious event so many years ago. It is not often we may chronicle sixty years of happy, prosperous wedlock, and THE SENTINEL extends its best wishes, with the hope of similar greetings April 13, 1889. Among the members of the family present were John J. Knox and family, of Grand Rapids, Mich.; Mr. and Mrs. Edwin Evans, Mr. and Mrs. E. G Evans, Mr. and Mrs. Groyneu Anderson, Mrs. George Ely, Mrs. Munson, Mr. and Mrs. Harry Waterman, Mr. Will Evans, Miss Mamie Evans, Misses Lollie and Ella Anderson, Messrs. AN ARMORY BURNED

The Indianapolis Armory Building Destroyed by Fire This Morning.

INDIANAPOLIS, April 14.—The College avenue armory was fired by an incendiary this morning and destroyed. It was occupied by the Richardson nouaves and the Indianapolis light artillery. The loss on the building is $8,000 and the companies lose $2,200 on uniforms and equipments. The insurance is $4,800. Four guns of the battery and a gatling gun, belonging to the government, in the building were also damaged.

HAVERHILL, Mass., April 14.—A fire started this morning in the shoe manufactory of Harold F. Blake, of Washington street, and extended to a long row of wooden buildings close by. Five firms are burned out. The total loss is about $60,000.

EDWARDSVILLE, Ill., April 14.—A fire destroyed the elevator and flour mills of the Crowder milling company. Loss, $0,000; insurance, $10,000.

THE ICE GORGE

At Chippewa Falls, Wis., Breaks and Lumbermen Feel Easy.

CHIPPEWA FALLS, Wis., April 14.—Yesterday an ice gorge thirty feet high and half a mile long was formed a short distance above the city. Logs and ice were packed solidly together and in the evening it moved some distance and lodged against the Omaha railroad bridge. The judicious use of dynamite during the night made a channel and about 4 o'clock this morning the whole mass broke loose. No great damage was done to the bridges and the lumbermen feel easier. No logs will be lost, as they will go into Dell's pond, near Eau Claire.

Ohio's Sunday Bill.

COLUMBUS, April 14.—The legislature to-day passed the Sunday closing bill, which is to have effect in all municipalities. The measure was opposed by the city districts.

CINCINNATI, April 14.—The passage by the senate, at Columbus, of what is known as the Owens Sunday closing bill, made it a law. It takes from the council of municipalities the power to decide whether intoxicating liquors shall be sold or not on Sunday. It leaves the law prohibiting all sales of liquors on Sunday. Many interviews with a number of liquor dealers disclose a difference of opinion on the law among the dealers. Some claim the statute will be disastrous to their business, as the best receipts are on Sunday, especially in summer.

A Pugilistic Wabash Conductor.

The Wabash *Times* says:

Yesterday noon, as the fast train going east over the Wabash railroad was pulling in, a strange individual dropped a railroad torpedo on the track, in front of the engine. The torpedo exploded with a loud report, and startled the crowd that was standing on the platform considerable. Conductor Sullivan jumped off the train, and on learning the cause of the report hunted up the fellow who had dropped the torpedo. He was not long finding him, and two minutes after they met, the stranger was walking away with a pair of eyes heavily draped, and disfigured in several other respects. Conductor Sullivan is quite handy with his "dukes," and he went at the fellow in true regulation pugilistic style. The crowd of spectators, who had been so badly frightened by the explosion, enjoyed the set-to very much.

THE FACTS IN THE CASE.

Hon. Hugh Dougherty Talks to an Indianapolis Journal Reporter.

The Indianapolis *Journal* publishes this interview with Hon. Hugh Dougherty relative to a recent statement made by Mr. Munson:

"I intended to say," Mr. Dougherty replied to a question of a *Journal* reporter, "that he telephoned me instead of telegraphed me. But the facts as I stated them to the reporter are true, as he communicated to me by telephone, and you will notice that Mr. Munson does not deny the facts as I stated them, except to say there was no telegram."

"Well, how about his soliciting you to be a candidate?"

"He did solicit me in person. In fact, he was so anxious for my name to be announced that he thought it was necessary to have it done at once and did not think it proper to wait until I could return from Rome City, where I was going on business that morning, and as I was about to get on the train leaving for that place, I told him if he thought it important he might have it telegraphed to Indianapolis, and he said he thought it would be better to have it done over Mr. Hackett's name than over his own, and he went to Mr. Hackett and had him send the message announcing my name as a candidate."

He says he has not seen you for two months."

"Well, I saw and talked with him and he urged my candidacy, as seen above, in the morning of the day I went to Rome City, and again I met him that afternoon at his office, and again in the evening saw him and talked to him as I was about to take the train for Bluffton."

THE EDWARDS ESTATE.

Searching the Fort Wayne Records for a Miser's Property.

The Logansport *Pharos* says:

"V. C. Hanawalt returned last evening from Fort Wayne, where he went several days ago to look after the property reported to be owned in that city by the late Wm. Edwards. When Edwards died some person started the rumor that the most valuable real estate held by the deceased was located at that place, but after a thorough search Mr. Hanawalt discovered that the old gentleman did not own a dollar's worth of property at Fort Wayne. The tax duplicates at the county auditor's office were examined as far back as the year 1868, but there were no indications to show that Edwards had ever paid taxes on either realty or personal effects. Mr. Hanawalt then examined the city directories, but Edwards name could not be found. Several persons were seen who claimed to have been intimately acquainted with the deceased, but they knew nothing whatever of his business affairs. Edwards passed a great deal of his time in Fort Wayne, and for years was in the habit of going to that city to vote, but it is thought that he changed boarding houses so often that he managed to successfully dodge the assessor."

TO VISIT THE POPE.

A Distinguished Party of Mexican Citizens Passed Through the City Last Evening.

A distinguished party of Mexican citizens passed through the city last evening on the Wabash. They were bound from the City of Mexico to the City of Rome, where they were going to pay their respects to the great head of the Catholic church, the pope.

The special train, composed of ten elegant passenger coaches, left the City of Mexico last Saturday and arrived here last evening at 10 o'clock. The party numbered over two hundred, among whom was the bishop of the diocese of the City of Mexico and a number of the distinguished Catholic clergy, besides some of the prominent and wealthy citizens of that country and their wives.

They had with them a car load of rich and elegant presents for the pope, among which was a diamond cross, valued at $80,000. The party will stop at Niagara Falls to-day and reach New York City to-morrow morning, where they will attend divine service and during the first of the week will take a steamer for their foreign destination.

The party is in charge of Mr. John P. Clough, official mayor, and deputy De Boletos Y Equipages Ferrocarril, Central Mexico and C. P. Fegan, the agent of the Urajero De Elfero, who joined them at Dallas, Texas.

They will be absent for six months on their foreign tour and will visit all the places of interest in the Old World, particularly around Rome and in the Holy Land. On the train with them were several representatives of the Aztec Indians, a tribe that is now nearly extinct in the southern climes. The party attracted considerable attention at the depot and will continue to do so along the line. From each car floated a handsome banner which bore this inscription: "From the City of Mexico to the City of Rome."

BT. REV. BISHOP DWENGER.

The Distinguished Prelate Celebrates the Anniversary of His Consecration.

There were special services at the Cathedral this morning, commemorative of the consecration of Bt. Rev. Joseph Dwenger to the bishopric of Fort Wayne.

The bishop was preconized by Pope Pius IX, on the 10th of February, 1872, and consecrated by Archbishop Purcell, in the Cathedral at Cincinnati, April 14th, of the same year. The assistant consecrators were Bishops Toebbe, of Covington, and Borgess, of Detroit. The former is dead and the latter has resigned his See. There were eight other bishops present at the ceremony, a large number of friends and an immense throng of people.

During Bishop Dwenger's administration in the past sixteen years, there has been a continued progress of religion in his diocese. Churches have been built, orphan asylums erected, and withal a healthy status of discipline has been preserved.

The credit of the diocese and the financial standing of all the churches are excellent, whilst the spiritual welfare is splendidly maintained.

Bishop Dwenger at the time of his consecration was the youngest bishop in years, in the world. He now ranks the seventeenth in seniority among the sixty-eight bishops of the United States. He is still of robust health and vigorous in the furtherance of his work.

THE SENTINEL sends its congratulations and hopes to record many an anniversary of this kind in the reign of the great and good prelate of the Catholic church.

The Only Remedy

FOR

Contagious Blood Poison.

Mr. D. R. Adams, Union, South Carolina, writes: "I was afflicted with a terrible case of blood poison for about thirteen months. I was treated by the best physicians, and used various kinds of remedies, but received no substantial relief. I finally tried the Swift Specific, and about four bottles cured me sound and well."

Col. B. B. Kieser, editor and proprietor of the Opelika, Ala., Times, under date of August 3, 1887, writes: "When I was a young man, through indiscretion, I came down with a disease which has stuck to me for years. Some five or six years ago I was troubled with pains, so as to make it difficult for me to walk. Having advertised the S. S. S. in my paper for several years, I concluded I would try it to see if there was any efficacy in the medicine. I commenced using it according to directions and used half dozen bottles. I was once at a way station and, getting left, I walked the seven miles and have never felt any return of the old malady. After ascertaining the good effects I must say I am satisfied with the result. I am sixty-eight years of age and I feel now like a young man and can go to the mow when necessary and set up from six to eight thousand cuts without any inconvenience. I send you this without solicitation."

Mr. F. Wocht, 211 North Avenue, Chicago, under date of June 12, 1887, writes: "I deem it my duty to thank you for the cure I received from your excellent medicine. I contracted a very severe case of blood poisoning about two years ago. Hearing of your medicine, I went to a drug store, the proprietor of which persuaded me to buy a preparation of his own, which he said was a sure cure. I used six bottles of his stuff and grew worse all the time. At last I got disgusted and dispaired of a cure. I met a friend who told me that your medicine had cured him. I went to the same druggist again and demanded your medicine. He reluctantly sold me twelve bottles, and I am now perfectly cured. I write this for the benefit of sufferers, to prevent their being deceived by false representations. I thank you again for the benefit derived from your medicine."

Dr. J. N. Cheney, a prominent physician, residing in Ellaville, Schley County, Georgia, in a letter recounting the infallible success he has in curing contagious blood poison says in his extensive practice, writes: "Those who know the direful effects of mercury permanently dangerous effects of mercury will welcome your discovery of S. S. S. as a boon to humanity. The medical profession, always wary of proprietary medicines, is coming slowly, and in some cases secretly, to the use of S. S. S. in cases of blood disorder. Of course a medicine that cures poisoning in its worst form must purify the blood of every disorder."

SUBSCRIPTION, per week..... 10c

E. A. E. HACKETT, Editor and Proprietor.

SATURDAY, APRIL 14, 1888.

Muncie will be provided with a free delivery postal service July 1.

The direct tax bill will have to slumber until the next session of congress.

The *Journal*, with true sentiment, says: Democracy first; Hottlerism last.

The Jackson county republicans have declared for Hon. A. G. Porter for governor.

Twenty-three years ago to-day, April 14, the beloved Abraham Lincoln was assassinated.

The New York assembly has voted to submit a prohibition amendment to the people of that state.

The Studebaker brothers, of South Bend, have founded the town of Studebaker, in California.

The Indiana republican convention will not be held until after their national convention, so the state executive committee decided yesterday.

The Huntington *Democrat* is out in a leading editorial endorsing Congressman Bynum's candidacy for governor. Mr. Bynum is a trifle tardy in the race.

A contemporary speaks of Bismarck as "the bluff old prince of diplomas." It may be remarked, however, that his bluff hasn't worked very well against true love.

Editor Fawcett, of the LaGrange *Democrat*, and Editor Stoll, of the South Bend *Times*, are indulging in a little unpleasantness. Brethren should dwell in unity.

The Wabash *Times* is not friendly to Hon. Robert Lowry, because when a member of the election committee in the lower house of congress, he voted against seating its editor, Major Kidd. This will account for all criticisms of Mr. Lowry in the *Times*.

Messrs. Charles McCullough, Henry Manning and Christian Boecker are urged to again be candidates for water works trustee. The gentlemen are among our best and foremost citizens and if nominated by the democratic party The Sentinel will give them cheerful support and hearty endorsement.

General Sherman has sent letters to Generals James Longstreet, John B. Gordon, S. B. Buckner, Fitz Lee, Wm. Mahone, John S. Mosby and Joseph E. Johnston, inviting them to join him in celebrating the birthday of General Grant, by a banquet at Delmonico's April 27, thus setting an example which he trusts will be followed by others in after years.

Mr. Andrew Carnegie has rented Cluny Castle, Inverness-shire, Scotland, and will live there in baronial luxury on the profits of his protected industries in Pennsylvania, while his workmen are living from hand to mouth on beggarly wages. How long will workingmen tolerate the inequalities of a tariff tax that makes one man rich and a million people poor?

The Monroeville *Breeze* contradicts the *Gazette* in this convincing fashion: "The *Daily Gazette*, of Friday, makes the statement, upon information, that every republican voter in this and Madison township was asked his preference for governor and president, at the polls on the 2d inst., and that with one exception, Mr. D. S. Redelsheimer, the choice was Robertson for governor and Gresham for president. Now the *Breeze* ascertained through several parties who have personally interviewed the majority of the voters of the two townships and finds that the *Gazette* has placed a false statement before the public. The first man is yet to be found to whom the question was put. While Colonel Robertson is no doubt the choice of the majority of republican voters in this section of Allen county, there has been no special enthusiasm expressed for either him for governor or Gresham for president."

An Imperative Necessity.

What pure air is to an unhealthy locality, what spring cleaning is to the neat housekeeper, so is Hood's Sarsaparilla to everybody, at this season. The body needs to be thoroughly renovated, the blood purified and vitalized, the germs of disease destroyed. Scrofula, Salt Rheum, and all other blood disorders are cured by Hood's Sarsaparilla, the most popular and successful spring medicine.

The Y. M. C. A. Concert.

This musical feast closed last evening under the most pleasing auspices. The concert was an artistic success and is a compliment to its promoters.

It demonstrates that we have in Fort Wayne a great musical leader in the person of Professor Heath. The chorus under his directorship was faultless, while his arrangement of the program, character of the selections and choice of principals in the concert mark him a musician of rare and pleasing judgment.

It was a grand affair and deserved better financial reward.

JENNEY JOTTINGS.

Syrup of Figs.

Manufactured only by the California Fig Syrup Co., San Francisco, Cal., is Nature's own true laxative. This pleasant California liquid fruit remedy may be had of Theims and Gross, druggists, large bottles at fifty cents or one dollar. It is the most pleasant, prompt, and effective remedy known to cleanse the system; to act on the Liver, Kidneys, and bowels gently yet thoroughly; to dispel Headaches, Colds and Fevers; to cure Constipation, Indigestion, and kindred ills.

I suffered from a very severe cold in my head for months and used everything recommended, but could get no relief. Was advised to use Ely's Cream Balm. It has worked like magic in its cure. I am free from my cold after using the Balm one week, and I believe it is the best remedy known. Feeling grateful for what it has done for me I send this testimonial.—Samuel J. Harris, wholesale grocer, 119 Front street, New York.

When I say cure I do not mean merely to stop them for a time and then have them return again. I mean a radical cure. I have made the disease of FITS, EPILEPSY or FALLING SICKNESS a life-long study. Martyrs to Headache

Seek relief in vain, until they begin to use Ayer's Sarsaparilla. Then they regret the years of suffering they might have escaped had they tried this remedy earlier. The trouble was constitutional not local; and, until Ayer's Sarsaparilla did its effective work as an Alterative and Blood Purifier, they were compelled to suffer.

The wife of Samuel Page, 21 Austin st., Lowell, Mass., was, for a long time, subject to severe headaches, the result of stomach and liver disorders. A perfect cure has been effected by Ayer's Sarsaparilla.

Frank Roberts, 727 Washington st., Boston, says that he formerly had terrible headaches, and until he took Ayer's Sarsaparilla, never found any medicine that would give

Permanent Relief.

"Every Spring, for years," writes Lizzie W. DeVeau, 282 Fifteenth st., Brooklyn, N. Y., "I have had intolerable headaches. I commenced the use of Ayer's Sarsaparilla last March, and have not had a headache since that time."

"I suffered from headache, indigestion, and debility, and was hardly able to drag myself about the house," writes Mrs. M. M. Lewis, of A st., Lowell, Mass. "Ayer's Sarsaparilla has worked a marvelous change in my case. I now feel strong and well as ever."

Jonas Garman, Esq., of Lykins, Pa., writes: "For years I have suffered dreadfully, every Spring, from headache, caused by impurity of the blood and biliousness. It seemed for days and weeks that my head would split open. Nothing relieved me till I took Ayer's Sarsaparilla. This medicine has cured me completely."

When Mrs. Genevra Belanger, of 24 Bridge st., Springfield, Mass., began to use Ayer's Sarsaparilla, she had suffered for some years from a serious affection of the kidneys. Every Spring, also, she was afflicted with headache, loss of appetite, and indigestion. A friend persuaded her to use Ayer's Sarsaparilla, which benefited her wonderfully. Her health is now perfect. WHAT AILS YOU?

Do you feel dull, languid, low-spirited, lifeless, and indescribably miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or of "goneness," or emptiness of stomach in the morning, tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating specks" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, sharp, biting, transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, **Dr. Pierce's Golden Medical Discovery** will subdue it, if taken according to directions for a reasonable length of time. If not cured, complications multiply and Consumption of the Lungs, Skin Diseases, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in and, sooner or later, induce a fatal termination.

Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the Kidneys, and other excretory organs, cleansing, strengthening, and healing their diseases. As an appetizing, restorative tonic, it promotes digestion and nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery

CURES ALL HUMORS,

from a common Blotch, or Eruption, to the worst Scrofula. Salt-rheum, "Fever-sores," Scaly or Rough Skin, in short, all diseases caused by bad blood are conquered by this powerful, purifying, and invigorating medicine. Great Eating Ulcers rapidly heal under its benign influence. Especially has it manifested its potency in curing Tetter, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings, Hip-joint Disease, "White Swellings," Goitre, or Thick Neck, and Enlarged Glands. Send ten cents in stamps for a large Treatise, with colored plates, on Skin Diseases, or the same amount for a Treatise on Scrofulous Affections.

"FOR THE BLOOD IS THE LIFE."

Thoroughly cleanse it by using **Dr. Pierce's Golden Medical Discovery**, and good digestion, a fair skin, buoyant spirits, vital strength and bodily health will be established.

CONSUMPTION,

which is **Scrofula of the Lungs**, is arrested and cured by this remedy, if taken in the earlier stages of the disease. From its marvelous power over this terribly fatal disease, when first offering this now world-famed remedy to the public, Dr. Pierce thought seriously of calling it his "CONSUMPTION CURE," but abandoned that name as too restrictive for a medicine which, from its wonderful combination of tonic, or strengthening, alterative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequaled, not only as a remedy for Consumption, but for all **Chronic Diseases** of the

Liver, Blood, and Lungs.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Severe Coughs, and kindred affections, it is an efficient remedy.

Sold by Druggists, at $1.00, or Six Bottles for $5.00.

MEXICAN MUSTANG LINIMENT, used vigorously is death to Swinney, Wind Galls, Sore Backs.

ECHOES OF THE RAIL

Quietness Reigns Supreme Around the Railroads and Shops and But Little News is Gathered.

The Grand Rapids pay car went south yesterday.

The wagon and wheel works paid off their employes to-day.

The organ factory has employed several new men from Chicago.

James Waugh, the Pittsburg engineer, who has been sick for some time, is getting better.

Herman Hartman, of the electric light works, has gone to New Orleans. He will be absent several weeks.

General Superintendents Wade and Stevens, with other officers of the Wabash road, went west this afternoon.

J. N. Arvin, a veteran employe of the Pittsburg blacksmith shops, will return to work Monday after an illness of a few weeks.

John Heckenrother, a brakeman on the Pittsburg, is suffering from several mashed fingers which he had injured while coupling cars.

W. H. Greegor, traveling passenger agent of the Newport News and Mississippi Valley company, is in the city today looking after the interests of his company. His headquarters are at Cincinnati.

The railroad and shop men should spend an hour to-morrow afternoon at the regular Sunday meetings of the railroad department of the Young Men's Christian association. Their meetings are always interesting and profitable.

Calvin S. Brice, president of the Lake Erie and Western road, is said to have more ready money waiting speculative employment than any other railroad stock operator in this country. This accounts for the closeness with which his movements are watched.

The Boston and Providence has an engine built at the Rhode Island locomotive works which has been named the "Robert Keayne" after the founder of the Ancient and Honorable Artillery company of Boston, whose 250th anniversary occurs in a few days.

When Engineer David Baldy reached this city this morning on his regular run, he was summoned to his home by the intelligence that his child was lying at the point of death. He left immediately to attend the bedside of the sick child and the train was placed in charge of another engineer.

Nicholas Wiesner, one of the popular employes of the Olds wheel works, met with a very painful accident Thursday. He was working around one of the machines in the shop and in some way had his finger caught, so that the end of it was nearly cut off just above the nail. The injured member was dressed by a physician and he is now getting along very nicely, but the wounded hand will interfere with his work for some time to come.

The Pittsburg shops in this city, which before the recent railroad troubles at Chicago, seemed to be so full of work that the men were often busy at night, are now moving along very slowly and there are no signs that a large force will be employed for some time to come. Retrenchment in expenses seems to be the motto of the Pennsylvania company's officials all along the line. At the shops at Crestline, Ohio, this week some twenty men were discharged and the works here do not fill the positions which become vacant by resignations and sickness. It was hoped that as soon as the Chicago railroad troubles were settled there would be an increase in the force of employes at this point, but such does not now seem to be the case, and it will probably be a long time before the places of the recently discharged employes will be filled.

There is a feeling in railroad and business circles, where rate wars, strikes and their results are well understood, that the inter-state commerce law, which has been found to work so well in some directions, ought to be made the controlling power in many other railroad matters, one of which should be to establish minimum rates per ton per mile on freight under certain conditions. Had such a provision of the law been in force the last twelve months, it would not only have prevented the rate war of the granger roads, which has been on four months or more, but it would, as well, have prevented the strike on the Chicago, Burlington and Quincy road, which was almost entirely caused by the Burlington's attempt to reduce its expenses, so as to enable the management to carry on the war. Surely the inter-state law could be amended so that no one corporation could have the power to demoralize the whole railroad business of the west in the prosecution of its quarrels.

Spring Medicine.

The necessity of a spring medicine is almost universally admitted. And the superiority of Hood's Sarsaparilla for this purpose becomes more and more widely known every year. That power to purify the blood, and those elements of strength and health which the system craves, and to which it is so susceptible at this season, are possessed by this peculiar medicine in a pre-eminent degree. Scrofula, pimples, boils, or any humor, biliousness, dyspepsia, sick headache, catarrh, rheumatism or any disease or affections caused or promoted by impure blood or low state of the system, are cured by Hood's Sarsaparilla. Try the peculiar medicine.

At the Grand—The Remarkable McGibeny Family.

"Remarkable," is the adjective which best applies to the McGibeny family, unless it be the words, "Extraordinary" or "Phenomenal." There are fifteen of them—father and mother, the latter a well preserved and handsome matron whom one would not suspect of the maternity of so numerous a progeny; and daughter-in-law, accomplished and prepossessing, and twelve children, boys and girls, of all ages and sizes from maturity down to infancy, and little Leo, only four years old, sings along with the rest of them, and is as cute a little specimen of humanity as could be imagined, and he was quite the hero of the concert, the prime favorite with the audience at the Grand Opera House last evening. The marvel of it all is that the entire family are singers and musicians, and in both respects they do finely, presenting a long and diversified program, vocal and instrumental, containing orchestral selections, violin, cornet and trombone solos, string quartettes, songs, glees and choruses, pleasing to all tastes, whether cultivated or not. The McGibeny's seem to be a model family in character and manners, and their appearance commands respect as well as interest. They travel in their own special palace car, where they live as at home, and do not go near the hotels. Do not fail to hear them to-night. You will be delighted.—From the *Daily Transcript*, Peoria, Thursday morning, Feb. 2.

At the new Y. M. C. A. hall, Monday and Tuesday, April 16 and 17.

The famous McGibeny family, the largest family in the world—fifteen in number. Grand orchestra of thirteen pieces; full chorus of fifteen voices; five instrumental and five vocal soloists; two elocutionists; male voice quartet. The family travels in their own palace hotel car, one of the finest and best equipped of the palace cars. They are especially engaged to give two entertainments in the Y. M. C. A. hall, on Calhoun street, Fort Wayne, for the benefit of the Young Men's Christian association, April 16 and 17.

Henry F. Schroeder, to build a one-story frame house on lot 6, Schroder's addition, to cost $350.

Phelps Home.

NEW YORK, April 14.—Hon. Edward J. Phelps, United States minister to the court of St. James, has arrived on the steamer Aller, which left Southampton April 5.

The Wounded Man Dies.

CHICAGO, April 14.—M. J. Walsh, the Wabash engineer who was shot a few days ago by Chas. Sommers, one of the new Burlington switchmen, died yesterday. Sommers has been arrested.

That tired feeling and loss of appetite are entirely overcome by Hood's Sarsaparilla, the peculiar medicine. Try it and see.

Christian Laible, of the Pittsburg car shops, is dangerously ill with lung fever at his home on DeWald street. Mr. Laible is one of the oldest employes of the Pennsylvania company, having been employed in the shops here for the last thirty years. He has many friends who would be glad to hear of his speedy restoration to health.

Catarrh, when chronic, becomes very offensive. It is impossible to be otherwise healthy, and, at the same time, afflicted with catarrh. This disagreeable disease, in its most obstinate and dangerous forms, can be cured by the use of Ayer's Sarsaparilla.

A Luxury and Necessity

What the "Breeze" Says About Fort Wayne People.

P. B. Fowler, of Fort Wayne, spoke upon the subject of temperance to a fair audience at the Methodist church last evening.

Fort Wayne citizens were in town last Monday as follows: Judge E. O'Rourke, Frank Cosgrove and H. F. Beard, traveling agent for the Fort Wayne *Gazette*.

Mrs. M. Evans, of Fort Wayne, visited the family of H. Glancy last week. On her return home, she was accompanied by Miss Rosa Norris.

Patrick McGuire, of Antwerp, who is well known here, will abandon the saloon business in that place, and is making arrangements to start up a beverage house of call at Fort Wayne.

Pfeifer on the Stand.

HUNTINGTON, Ind., April 13.—The murder trial is creating much interest here. Charles Pfeifer, the alleged murderer, was put upon the stand yesterday afternoon and testified that he killed Morse to keep Morse from killing him, and that Morse had threatened to kill others here. He went upon the stand again to-day.

EVERY NIGHT I SCRATCHED

Until the Skin was raw. Body Covered with scales like spots of mortar. Cured by the Cuticura Remedies.

I am going to tell you of the extraordinary change your Cuticura Remedies performed on me. About the 1st of April last I noticed some red pimples like coming out all over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar spotted on, and which came off in layers, accompanied with itching. I would scratch every night until I was raw, then the next night the scales, being formed meanwhile, were scratched off again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspaper about your Cuticura Remedies, and purchased them from my druggist, and obtained almost immediate relief. I began to notice that the scaly eruptions gradually dropped off and disappeared one by one, and have been fully cured. I had the disease thirteen months before I began taking the Cuticura Remedies, and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I recommended the Cuticura Remedies to all in my vicinity, and I know of a great many who have taken them, and thank me for the knowledge of them, especially mothers who have babes with scaly eruptions on their heads and bodies. I cannot express in words the thanks to you for what the Cuticura Remedies have been to me. My body was covered with scales, and I was an awful spectacle to behold. Now my skin is as nice and clear as a baby's.
GEO. COTEY, Merrill, Wis.

Catarrhal Dangers.

To be freed from the dangers of suffocation while lying down; to breathe freely, sleep soundly and undisturbed; to rise refreshed, head clear, brain active and free from pain or ache; to know that no poisonous, putrid matter defiles the breath and rots away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arteries, suck up the poison that is sure to undermine and destroy, is indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief or cure.

Sanford's Radical Cure meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional. Instant in relieving, permanent in curing, safe, economical and never-failing.

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, all wrapped in one package, with treatise and directions, and sold by all druggists for $1.00.

"While suffering from a severe bilious attack in March, 1883, a friend in Peoria, Ill., recommended Hood's Sarsaparilla. I tried the remedy, and was permanently cured." J. A. SHEPARD, travelling agent for Devoe & Co., Fulton Street, N. Y.

"I was for five years a sufferer with boils, all run down, and was at one time obliged to give up work. Before taking all of two bottles of Hood's Sarsaparilla, was entirely cured." E. M. LANE, Pittsburgh, Pa.

"I was severely afflicted with scrofula, and for over a year had two running sores on my neck. Took five bottles of Hood's Sarsaparilla, and consider myself entirely cured." C. E. LOVEJOY, Lowell, Mass.

Yesterday afternoon occurred the sixtieth wedding anniversary of Mr. and Mrs. Anderson, a most notable and interesting event. No invitations were issued, but their children, grand-children and great grand-children from abroad and at home gathered around them with affectionate greetings. Although the day opened with no special purpose in view, their hosts of friends remembered the occasion with very happy results. All the afternoon and evening the parlors were filled with callers, who came with congratulations to this bride and groom of over half a century ago. The tables and mantles were loaded with flowers as remembrances from absent friends. Cake, coffee and chocolate were served the guests while they exchanged greetings. Mr. and Mrs. Anderson, who have passed their eighty-fifth birthday give no evidence of the intervening years, and were as genial and happy as if celebrating that first auspicious event so many years ago. It is not often we may chronicle sixty years of happy, prosperous wedlock, and THE SENTINEL extends its best wishes, with the hope of similar greetings April 13, 1889. Among the members of the family present were John J. Knox and family, of Grand Rapids, Mich.; Mr. and Mrs. Edwin Evans, Mr. and Mrs. E. G Evans, Mr. and Mrs. Graynes Anderson, Mrs. George Ely, Mrs. Munson, Mr. and Mrs. Harry Waterman, Mr. Will Evans, Miss Mamie Evans, Misses Lollie and Ella Anderson, Messrs. Committees have also been appointed to serve dinner each day on the stage, where everybody can get a first-class meal for twenty-five cents. Besides, refreshments of every kind will be sold in the building, each department being presided over by the young ladies of our city. There will also be entertainments given each evening, which will be a very attractive feature.
